## GREY HOTEL

Grey is the color of silver

Kopaonik, the Silver Mountain is home to a magnificent animal - the grey wolf, the symbol of independence and freedom. Silver Mountain is home to the Grey Hotel. One step is all it takes for you to feel at home.

### A New Mountain Top

Situated near the Karaman Greben ski slope, Grey Hotel is located at the top spot, only a few steps away from all the key points in Kopaonik. It stands out with its refined design, personalized service, superb accommodations and abundant offer of additional facilities. When you step through the doors of our hotel you will enter a world of genuine hospitality, harmony and special time set aside just for you, which provides pure pleasure. In the winter the Grey Hotel is an unparalleled place for winter sports enthusiasts - all the conveniences of the ski resort are literally a step away from the hotel. In the spring, summer and autumn, the Grey becomes the ideal starting point for hikes to Pančić's Peak and other exciting trails that crisscross Mount Kopaonik.

### Grey Experience

The unique scenery of Mount Kopaonik's untouched nature is complemented by the note of Grey prestige. Regardless of whether you wish to enjoy skiing, spend an active vacation with your family, or just snuggle up and relax, the Grey is the accommodation that provides the opportunity for you to discover new heights of pleasure and relaxation. Designed so that everything is within reach, the Grey Hotel provides impeccable personalized service and supreme accommodations, which are there to meet your wishes and expectations. The comfortable and spacious rooms are furnished with the finest Italian design furniture and ceramics, high-speed WiFi and cable television.

### GREY Instruction in case of Fire Hazard

Fire extinguishers are distributed all over the building and on each floor. On every fire extinguisher, labels and text will guide you through the procedure in case of fire.

#### Emergency exits

When accommodated in a hotel room, please follow the next steps:

- Make sure that all windows and doors are in good condition and report any irregularities to the reception desk.
- In case of fire please call the reception desk (1000 or 200) or the fire department ( 9193). Never assume that someone else did.
- Check on the evacuation plan, located next to the room entrance door, your position and the position of the fire stairs.
- Get out into the hallway and check where the nearest fire stairs are located.

#### Danger of smoke

Fires cause smoke and toxic gases. Remember that smoke rises toward the ceiling where it is the densest. Smoke can enter into your room through the ventilation shafts, openings around the front door or through an open window. Also, smoke can come from smoldering mattress fire from the bed - in fact 75% of hotel fires in the world were caused by the negligence of smokers.

## GREY HOTEL

### Evacuation

In case of fire, immediately warn everyone around you and leave the room following the next procedure:

- Take your documents and wallet and proceed to the room entrance door (if necessary, crawl to avoid inhaling smoke).
- Feel the room entrance door, including the handle, to determine if you feel any heat. If the door is hot to the touch, DO NOT OPEN THEM, because it means that the fire is in the hallway.
- If you do not feel any heat, gently open the door, holding hands on them - so you can quickly shut them if the hallway is filled with smoke. If there is no smoke in the hallway, leave the room closing the door behind you.
- Proceed to the nearest fire stairs, using the side of the hallway where the exit is, avoiding to miss the exit in case of low visibility.
- When you get to the fire exit, take the stairs down, holding the railing - because other people in panic, can knock you down hurrying.

### Note

During the evacuation NEVER USE THE ELEVATOR.

### If you are trapped in your room

- In case your room entrance door is hot to the touch or the hallway is filled up with smoke, it is safer to stay in the room and wait for the firefighters.
- If the outdoor air is clean, open the window (do not break the glass, you can hurt yourself).
- Phone the reception desk (1000 or 200) and inform them that you are trapped in your room.
- Soak linen, covers and towels and place them under and around the room entrance door to prevent smoke coming into the room.
- If the room entrance door become very hot to the touch, use a jug or a bigger glass to pour water with it over the door.

DO NOT FORGET THAT PANIC IS THE BIGGEST ENEMY IN FIRE HAZARD SITUATIONS, SO WE APPEAL TO FOLLOW THE ABOVE INSTRUCTIONS, AND CALMLY WAIT FOR THE ASSISTANCE OF THE FIRE DEPARTMENT.
